March is National Nutrition Month

The 1st National Nutrition week campaign was launched in 1973 via television, radio, and bumper stickers. By the 4th year, National Nutrition Week had grown dramatically in the number of members involved.

It takes a lot of stress and worrying off of your loved ones and yourself knowing that they do not have to prepare their own meals. Here at Bickford we provide three meals a day and snacks in between that are well planned by Grove Menu's who specialize in providing the best nutritional value for our food and by making sure that each menu is planned accordingly to our residents diets.
